

Status of Placed students - Placement Profile

University Placement Cell

Jamia Millia Islamia, New Delhi

University started its centralised University Placement Cell in 2006, currently located at third floor, Faculty of Engineering and Technology for all technical and other professional courses headed by Training & Placement Officer. There is an institutionalized mechanism for the training and placement of the students of various courses. There is a provision of one faculty teacher coordinator in each faculty and one department teacher coordinator in each department. Students' placement committees work for campus placement activities for various courses. Regular meetings organize with the coordinators to discuss the progress and strategy for betterment of campus placement. The student coordinators in consultation with teachers prepare brochures and send invitations to companies under the guidance of Training and Placement Office and keep a constant follow up with the company till it visits the campus. Placement cell organizes various sessions on career development, resume writing, mock interview, aptitude test workshops, career fairs, pre-placement training and on generic issues for the overall development of students.

Presently university placement cell coordinates with 51 (fifty one) teacher placement coordinators and 182 (One hundred eighty two) students placement coordinators from various departments across the university.

The alumni of Jamia Millia Islamia are well placed in Industry, Govt. Organizations, Research Labs, Academic Institutions, Defence Services, All India Services, State Services, Media, Film & TV Industry, Sports and Politics in India and abroad.
