Press Release

Call for Summer Internship 2016

The Centre for Innovation and Entrepreneurship (CIE), Jamia Millia Islamia is starting Innovation Clubs to inspire and enable students to explore their creativity and engineering skills in a fun and competitive atmosphere that teaches them technical skills, teamwork and leadership. The main objectives of these clubs are to inculcate creativity and innovations among the students, be aware of the unfulfilled needs of the society, celebrate the spirit of creativity and to participate in National & International Competitions.

The Centre for Innovation (CIE), JMI, invites **students of JMI** to apply for Summer Internship in any one of the clubs.
