Faculty Development Training Programme on Disaster Risk Reduction (August 1 – 5, 2022)

Organized by

Department of Geography,
Jamia Millia Islamia, A Central University
(Accredited NAAC 'A++' Grade)
Jamia Nagar, New Delhi-110025

in collaboration with

National Institute of Disaster Management Ministry of Home Affairs, Govt. of India New Delhi – 110042

PATRONS

Prof. Najma Akhtar

Vice Chancellor, Jamia Millia Islamia (JMI), New Delhi, India

Shri Taj Hassan (IPS)

Executive Director, National Institute of Disaster Management, New Delhi, India

CONVENERS

Dr. Haroon Sajjad

Professor & Head (JMI), Department of Geography, Jamia Millia Islamia, New Delhi, India hsajjad@jmi.ac.in

Dr. Amir Ali Khan

Assoc. Professor, Resilient Infrastructure Division, National Institute of Disaster Management, New Delhi, India amir.nidm@nic.in

PROGRAM COORDINATORS

Dr. Lubna Siddiqui

Associate Professor, Department of Geography, JMI lsiddiqui@jmi.ac.in

Dr. Asif

Assistant Professor, Department of Geography, JMI asif@jmi.ac.in

Ms. Yogita Garbyal

Young Professional, NIDM yoqita.nidm@govcontractor.in

ABOUT THE PROGRAMME

NIDM has been mandated by Sub-section 8 and 9, Section 42, Chapter 7 of Disaster Management Act 2005 to develop training modules and educational materials, undertake training, research, documentation and publication for capacity development and dissemination of knowledge/ information related to disaster management, assist in formulation of policies, plans, strategies and frameworks for disaster risk reduction and resilience as well as promote awareness among different stakeholders for enhancing human capacity to avoid, prevent, mitigate, prepare, respond and recover efficiently in a proactive, holistic and integrated manner. The Institute has been organizing various training courses and conducting seminars / workshops / conferences covering wide spectrum of themes at the national and international levels besides publishing several training modules and other documents including case studies, templates and disaster reports. NIDM has been trying to bring various stakeholders at one platform through activities like India Disaster Management Conference, National Platform for Disaster Risk Reduction, South Asia Policy Dialogue, East Asia Summit for Earthquake Risk Reduction and Asia Ministerial Conference for Disaster Risk Reduction for better networking, linkages and coordination. Sendai Framework for Disaster Risk Reduction, Prime Minister's 10 Point Agenda on DRR, Climate Change Action Plans, Urbanization Agenda and Sustainable Development Goals have also emphasized on collective synergized action and integrated approach for Climate and Disaster Resilient Safer Sustainable Development.

OBJECTIVES

The training programme would help to provide:

- an in-depth knowledge about the principles, concepts and practices of mainstreaming Disaster Risk Reduction for resilience building and better adaptation in urban centres.
- to enable the participants to provide inputs towards institutionalization and integration of DRR in various streams of development at national level including higher education.
- to contribute to the development of capacities, knowledge and skills of teaching faculties/ professionals and academicians for effective management of disasters at local level (in urban context) by means of developing disaster management plans.

SCOPE

Training of faculties is one of the key elements in formulating appropriate disaster reduction risk (DRR) strategies in order to enable societies and youth to become engaged in the adoption of suitable and conscious risk management and reduction of vulnerability. Global frameworks toward

resilience and sustainability have been focusing on the education aspect to achieve the objectives. Universities and colleges are critical actors for effective mobilization of the imagination, creativity, skills and talents of people by using the knowledge and understanding on how to build a society disaster resilient and capable for managing any disaster situation effectively and efficiently. Universities have immense role in providing continuum in education during emergency times as well. To effectively integrate of disaster risk reduction and management into teaching and learning practices at universities, needs a full integration of Disaster Reduction Risk & Management into the curriculum of various ongoing programs/courses at university level. Thus, education programs become a mechanism to prepare stakeholders from a perspective of strengthening of values, and developing a culture of disaster management not only among the student community, but among the society at large.

BASIC COURSE LEARNING UNITS

Contents of the course would touch upon following aspects, to achieve the objectives:

- Basic Concept of Disaster Management, Disaster Risk Reduction and Resilience.
- Institutional Mechanism in Disaster Management
- Role of Higher Education/universities in DRR
- DRR and Management in India emerging issues and challenges.
- Education initiatives incorporating DRR in India.
- Urban resilience for Disaster safety.
- Adaptation strategies for climate change.
- Current research on resilience building.
- Disaster preparedness and response: Role of Faculties
- Suggestive Framework for preparation of DM Plan for university/college.
- Group Exercise/presentation/mock drill

TARGET GROUP

This programme is primarily designed to understand the basic concept of the DRR and provide training in implementation of Disaster Risk Reduction mechanism in their institution, local society and awareness among all their students for mitigating the impact of various Disasters. Accordingly, the target group for this programme includes Faculties, Post-graduate students studying Disaster Management, Research Scholars from Universities, Research Institutes and Government officials.

CERTIFICATE

Certificate will be awarded to the participants on successful completion of the five-day course.

REGISTRATION

Applicants need to register themselves using the link here: https://forms.gle/ivRVGb9nhUnBpwDr9. Each participant will also be required to register at NIDM Training Portal during the programme. Short listed candidates will be informed. Last date for Registration: 14th July 2022.

BOARDING, LODGING AND VENUE OF THE PROGRAMME

The boarding and lodging for the outstation participants will be arranged by Jamia Millia Islamia, host team. Travel expenses of the participants will be borne by the participants themselves or the respective nominating organizations/ departments/ institutes.

The programme will be held at Jamia Millia Islamia, Delhi. It will commence at 10:00 AM Monday, August 1, 2022 and will conclude on 5:00 PM on Friday August 5, 2022. The deliberations during the training programme will be done primarily in English language.

HOW TO REACH THE VENUE

Delhi is well connected via flight, trains and buses from all over the country. New Delhi (NDLS) railway station from JMI Delhi is at 13.8 km distance. Jamia Millia Islamia Metro station (Magenta Line) is the closest DMRC metro available.

ABOUT JAMIA MILLIA ISLAMIA

Jamia Millia Islamia, an institution originally established at Aligarh in United Provinces, India in 1920 & became a Central University by an act of the Indian Parliament in 1988. In Urdu language, Jamia means 'University', and Millia means 'National'. Jamia Millia Islamia started with the resolute determination to create an institution that would manifest indigenous ethos and spirit of plurality. The university strive to work towards its vision "to create a human universe that offers inclusiveness, equity, fellowship, justice and peace for one and all". Jamia Millia Islamia has become an ensemble of a multilayered educational system with 9 faculties of learning, 38 teaching and research departments and over 27 centres of learning and research, attracting brightest minds. Jamia got its NAAC Accreditation with Grade 'A++' in 2021. The MHRD's National Institutional Ranking Framework (NIRF) placed it at the 6th position in the "University" category in 2021. In QS World University Rankings 2019 we are placed in-between 751-800.

ABOUT NIDM

The National Institute of Disaster Management (NIDM) was constituted under an Act of Parliament to play the role of a premier institute for capacity development in India with the vision to create a Disaster Resilient India by building the capacity at all levels for disaster prevention and preparedness. Under the Disaster Management Act 2005, NIDM has been assigned nodal responsibilities for human resource development, capacity building, training, research, documentation and policy advocacy in the field of disaster management. NIDM has performed a crucial role in bringing disaster risk reduction to the forefront of the national agenda. The Institute believes that disaster risk reduction is possible only through promotion of a "Culture of Prevention" involving all stakeholders. The Institute works through strategic partnerships with various ministries and departments of the central, state and local governments, academic, research and technical organizations in India and abroad and other bilateral and multi-lateral international agencies.
