

WORLD PHYSIOTHERAPY DAY CELEBRATIONS

Centre for Physiotherapy and Rehabilitation Sciences
Jamia Millia Islamia
7-8 September 2020

World Physiotherapy Day is celebrated worldwide on 8 September since 1996. It is the day which marks the foundation of World confederation of physical therapy (WCPT) in 1951. Every year this day is celebrated as a day to promote awareness about the profession to emphasise and further establish the role of physiotherapy

This year the world is busy trying to decode a new challenge, and we are striving to better understand the pathophysiological pattern of the disease associated with the COVID-19 infection. Physiotherapist are associated with the management of this condition as an ICU worker as well as post treatment rehabilitation. Keeping this in mind the World physiotherapy (earlier known as WCPT) has declared the theme of this year's campaign as "Rehabilitation and COVID-19".

This year as part of *World Physiotherapy Day*, **Centre for Physiotherapy and Rehabilitation Sciences, JMI**, is organizing two days of teaching and learning activities. The focus of the afore mentioned activities will be on the role of physiotherapists in the treatment and management of people affected by COVID-19.

Day 1: 7 September (Monday): COVID-19 in three minutes

Students will be competing in a fun cum learning activity where they will be speaking on COVID -19 and rehabilitation for three minutes. Eminent academicians from across the world will be invited to judge the event.
