JMI organises 'DENTIMAGE 2020' to celebrate International Radiology Day

Department of Oral Medicine and Radiology, Faculty of Dentistry, Jamia Millia Islamia (JMI) organised an online scientific event “DENTIMAGE 2020” to celebrate the International Radiology Day” on 6th November 2020 .

November 8, the day that Wilhelm Conrad Röntgen discovered the existence of X-rays in 1895, is recognized the world over as International Day of Radiology.

Dr Mandeep Kaur, Professor and In-charge, Oral Medicine and Radiology welcomed the dignitaries and highlighted the importance of International Radiology Day.

Prof. (Dr) Shamimul Hasan invited the Vice Chancellor JMI Prof. Najma Akhtar and Dean, Faculty of Dentistry for their address to participants.

Chief Guest of the webinar Vice- Chancellor, JMI, Prof. Najma Akhtar congratulated the organizing team and encouraged such events for exchange of knowledge among institutes.

Prof. Sanjay Singh, Dean Faculty of Dentistry congratulated the organizing team and encouraged them to arrange similar scientific sessions in the future.

The first speaker was Dr. Sunali Khanna, Associate Professor, Department of Oral Medicine and Radiology, Nair Hospital and Dental Collage, Mumbai. She is a keen environmental health scientist and activist. Her research highlights importance of environmental health issues in the public sphere.

Dr. Khanna delivered her lecture on “Life and Radiological discoveries of Madam Curie- Role Model”. She emphasized the role of Marie Curie and her contribution to the field of Science and technology. She also emphasized on the role of Multidisciplinary research and integrated approach for wider dissemination of science and technology.

The second Speaker, Dr. Manisha Lakhanpal, Professor and head, Department of Oral medicine and radiology, ITS Dental college, Greater Noida spoke on the topic “CBCT-A necessity, not an option”. She presented a series of interesting cases in dental radiology, highlighting the important role of CBCT in diagnosis and treatment plan.

With 112 participants on board, the presentations were extremely informative for the students and were followed by a interactive session moderated by Dr Shahnaz Mansoori.

The event concluded with a vote of thanks by Prof. Virender Gombra.

Sunali Khanna is presenting

The Partnership...

- ▶ After the tragic death of Pierre Curie in 1906, she took his place as Professor of General Physics in the Faculty of Sciences.
- ▶ She succeeded her husband as Head of the Physics Laboratory at the Sorbonne where she obtained Doctor of Science degree in 1903.
- ▶ First woman to hold the position.
- ▶ Appointed Director of the Curie Laboratory in the Radium Institute of the University of Paris, founded in 1914.
- ▶ Early research was performed under difficult lab and working conditions.

Sunali Khanna
a governess reading and studying in her own time to quench her thirst for knowledge and she never lost the passion. So to become a teacher was the only alternative which could allow her to sustain and be independent to pay for her own higher education, and she did so it also matters as I said collaborations

Great presentation on Madam Curie, many aspects of whose life were no doubt quiet new to many of us. Quiet encouraging not only for the lady scholars, but also for the budding male scientists. Thanks and regards.

Prof. Deepika Bablani Popli (F/o Dentistry) 4:16 PM
Yes it was a very interesting talk by Dr Sonali... Thank you for such a great lecture.

Sunali Khanna 4:17 PM
Thank you so much indeed. Lovely to see you all.

Deep Inder (Associate Professor, F/o Dentistry) 4:17 PM
Nice presentation Dr Sonali... thanks a ton

Sunali Khanna 4:19 PM
My Honor... occasion warranted some brain storming.
